## A Great Start to the 2011-12 Year!

Our next meeting will be Nov 9th at OriJENals on White Bridge Rd. We will be painting and enjoying snacks and sisterhood. The votes are in and the painting we will be creating is the "white hydrangeas". ## Let's DO GOOD... Foundation Info

### Senior Citizen Service Program

The main idea behind the Senior Citizen Service Program is to visit a local retirement or assisted living facility on a monthly basis. But right now we have a sister, Jane Shirley, diagnosed with bone cancer in her back who is currently at Green Hills Health & Rehab Center. We are going to be putting off picking and visiting a local assisted living facility and visit Jane instead. If you are interested, please email Jacqueline McDonald, vpFoundation@DeltaGammaNashville.com.

### Anchored In Service

Always Anchored, Always Delta Gamma. Delta Gamma is a life long membership. With our motto being "Do Good" we are wanting to recognize those who "do good" in the community. Whether it is community service related to our philanthropy or any other community service you participate in. We want to have record of this and recognize you for your good works. Please take time at the meetings to hand in your community service hours.

## Alumnae Spotlight... Meet Tiffany Biggs

**Tiffany Biggs** just graduated in May 2011 from Tennessee Tech University with a B.S. in Psychology. While in school she held several officer positions including VP Foundation, VP Programming, and President. Her chapter just made quota plus, which she was very excited about, especially since her little sis was in charge of recruitment! She is excited to become more involved with the Nashville Alumnae group! And I hopes to make new friendships with DGs in Nashville!

Tiffany is currently working as the Assistant Director at Youth Encouragement Services in West Nashville. They are a non-profit organization for low income, intercity kids. They offer different kinds of

activities for children & teens on a daily basis. The kids range from Kindergartners to Seniors in High School. At their program they offer tutoring for homework and they have their own curriculum to help them grasp basic skills since they may not receive the one on one attention they need from school. They also have chapel on a daily basis, along with other programs and field trips outside of their normal hours. Overall they try to give the children hope for a better

future by helping them in school, giving them advice, and just overall loving them.

Outside of her awesome job, Tiffany is engaged! The wedding date is set for April 28th! Her fiance is finishing up his last semester of school, and then moving to Jamestown, NY to work. So once we they married, she will be moving up there too. She plans to go to graduate school to become a guidance counselor, and hopefully continuing to work with intercity, low income families.
